YWCA Madison

Racial Justice Summit

TRANSFORMING OUR FUTURE

October 15 & 16, 2019
Monona Terrace

Our invitation to attendees of YWCA Madison's Racial Justice Summit is to connect with the legacies of resilience, resistance and co-liberation of individuals and communities throughout history. Co-inspiration and learning from the past are critical as we re-imagine our lives and communities from this present-forward. We aim to do so holistically at all levels of our racial justice practice: self, relationships, organizations and communities, as well as at the structural level.
